BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books, for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Aicard (Jean) Benjamine" will be found the number 55274. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately below the copyright notice is the Library of Congress order number for the printed card for this title. Thus at the end of the title "Baker, Moses Nelson. Potable water." is the number 6–21209, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

To save space the copyright notice after each title is abbreviated. Thus the notice under the second title would read, if printed in full, "Copyright by Edward Thompson co., Northport, N. Y. Class A, XXc, no. 141340, Mar. 22, 1906; 2 copies received June 20, 1906."

WASHINGTON

GOVERNMENT PRINTING OFFICE

1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books, for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alexander, De Alva Stanwood," will be found the number 56953. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately below the copyright notice is the Library of Congress order number for the printed card for this title. Thus at the end of the title "Alexander, De Alva Stanwood. A political history of the state of New York," is the number 6–21392, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

To save space the copyright notice after each title is abbreviated. Thus the notice under the first title would read, if printed in full, "Copyright by Henry Holt & co., New York, N. Y. Class A, XXc, no. 147823, June 8, 1906; 2 copies received June 16, 1906."

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 3

July 19, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbott, Charles Conrad," will be found the number 58842. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abbott, Charles Conrad. The rambles of an idler." is the number 6–23559, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS; INDEX

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 4

July 26, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Ambrose, *Brother*" will be found the number 2. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Ambrose, *Brother*. Rosaline Fay; a southern idyl" is the number 6-23314, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

INDEX TO PART 1. BOOKS, DRAMATIC COMPOSITIONS, MAPS, AND CHARTS.

This index contains in one alphabet, in addition to the names of copyright proprietors of books, dramas, and maps, the names also of the authors of books (except authors of leaflets and contributions to periodicals), the titles of anonymous books (except titles of anonymous leaflets and contributions to periodicals), the names of the authors of dramatic compositions, the titles of dramatic compositions, and the subject words of the titles of maps.

☞Where there is a printed card, its number follows the author or proprietor reference. The last number of the catalogue of each month will contain the cumulated index entries under author and proprietor of the preceding issues of the month for all titles for which printed cards are issued by the Library of Congress.

The figures in the column at the right refer to the heavy-faced serial numbers following the titles; the five figure references apply to the issues of July 5, July 12, and July 19; in the issue of July 26 the serial numbers begin with 1 and will continue consecutively through the remainder of the calendar year.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 5

August 2, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abhedânanda, *swâmi*" will be found the number 447. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abhedânanda, *swâmi.* India and her people" is the number 6-24887, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 6

August 9, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alger, Horatio, *jr.*" will be found the number 706. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Alger Horatio, *jr.* Joe the hotel boy; or, Winning out by pluck," is the number 6–25693, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 7

WASHINGTON

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alabama, *Supreme court*" will be found the number 857. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Andrews, Herbert Cornelius," is the number 6–26561, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 8

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Aleksîêev, P[etr Petrovich]" will be found the number 1076. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Aleksîêev, P[etr Petrovich]. General principles of organic syntheses," is the number 6–27698, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alessio, Agostino d'" will be found the number 1270. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Alessio, Agostino d'. The art of designing, cutting and grading gentlemen and boys clothes," etc., is the number 6–28433, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbott, Jacob, Alexander the Great," will be found the number 1943. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abbott, Jacob, Alexander the Great," etc., is the number 6–28003, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 11

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "American economic association," will be found the number 2207. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Avery, Elroy McKendree, Elements of natural philosophy," etc., is the number 6–29542, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbot, Francis Ellingwood, 1836–1903," will be found the number 2414. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abbot, Francis Ellingwood, 1836–1903. The syllogistic philosophy or prolegomena to science," is the number 6–29755, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 13

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "The American Jewish year book," will be found the number 2618. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Anson, Sir William Reynell. Principles of the English law of contract," is the number 6—32132, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 14

October 4, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "American academy of dramatic arts," etc., will be found the number 3315. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Andrews, Mrs. Mary Raymond Shipman. Perfect tribute," is the number 6–32361, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS; INDEX

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 15

October 11, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Ambler, Sara Ellmaker," will be found the number 3462. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The dear old home," is the number 6–34046, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.
